

To whom at the Promotional and/or Marketing Dept it may Concern:

The Hampton Trolley (34 Passenger Trolley Bus) will be transporting people to and from the Hamptons and Riverhead every Friday and Saturday (Memorial Day to Labor Day) from 10:30am - 12:30am approx (14 Hours a Day) traveling on and through very populated roads, villages, and Dining venues.

We have an established route which can be found at HamptonTrolley.com. We invite you to view our schedule and destinations to see for yourself if this this can help promote your Brand and/or Business. We have made available multiple ways that you can advertise and market on the outside and the inside of the Hampton Trolley as well as the website itself.

Please visit the sponsors page to see where on the outside of the Trolley you may choose to place a magnetic sign, what the size dimensions of the signs should be, and how many spots and what periods of time are available presently. Please call 516.978.0261 ask for Ed to see what space is still available on the Trolley.

To respond by email and/or to send us info, email to HamptonTrolley@gmail.com and we will respond in a timely manner. Hampton Trolley is located on Long Island NY.

How this presents a unique opportunity:

1. Our chosen route which begins at the more popular Hotels and Tanger Outlets of Riverhead and travels to the Hamptons - Dunes Road Restaurants, Main Street of Southampton, Meschutt Beach Huts and Montauk Highway which has never been done before by a Trolley and will turn heads all along the way.
2. Passengers will see this as a photo opportunity themselves as they take tons of pictures with the Trolley potentially allowing your signage to be viraled throughout the internet.
3. The Trolley stops at each destination listed on the website for approx. 5 minutes to dropoff and/or pickup our passengers drawing many eyes to it as the people load and unload.
4. Buses and Taxis have become so common place that their wraps are going unnoticed by most people because they are not unique.
5. The Hampton Trolley is such a unique concept and draws many eyes as a nostalgic form of transportation in a nostalgic area of Long Island NY. The Hamptons is the perfect venue for our Trolley and will be the topic of conversations all summer long.
6. Our Website will be viewed by thousands of people as they view our schedule, destinations, check the availability of seats, purchase their tickets online, view photos and videos posted on the website especially as the summer goes along. Coupons will also be made available on the website for the trolley as well as the local businesses.
7. Our concept has room to grow and we are looking to expand this summer and in upcoming years if we can secure the necessary amount of advertising dollars required to keep the cost to our passengers at a reasonable rate making it possible for them to enjoy this great new and fun concept.
8. The Hampton Trolley allows our passengers to drink more at the Restaurants on our tour as well as provide them with a safe form of transportation which also helps with parking issues in each of the villages and venues. Hotel Guests can now enjoy a brand new Hampton tour which also makes this a unique concept and therefore a very attractive attention getter.

We Invite you to make your Business and Brand a part of this Unique Concept this Summer as well as in the Future by helping us keep the Hampton Trolley affordable for everyone to enjoy and at the same time draw attention to your Brand and/or Business Services and Products.
